

CROSS CURRENTS

Below is a list of clues, one for each year. Sometime during that year answer the corresponding clue by placing a word into the grid. Each new word must connect to a previously existing one. Number the first letter of every clue to keep track of what you answered when. Once you have filled in the last answer in 2029, you win.

SKEW

The bar code above is valid but refers to a product from a company that doesn't yet exist. In the next few years it will be assigned to a commercial product. Win by creating that product or by being the first to spot the item and scan it in a store.

FORGET ME

Cut out the rectangle at right and fold it as shown so that the image is hidden. Place it in a spot where you will come across it later. When you look at the folded paper and cannot remember the image inside, you win.

Forget the image to win

Enter one word each year
